POINTS OUT WAY TO END THE STRIKE

Acting Pres. Lewis Declares Machinery of Joint System of Bargaining is Still Impact

SIMPLE TO SET IT IN MOTION

Statement Made Following Many Reports of Offers of Mediation in Coal Strike

Indianapolis, Ind., Nov. 4.—John L. Lewis today pointed out the machinery of the mine industries which can be set in motion to "negotiate a wage agreement."

The statement of the acting president of the United Mine Workers of America was the first he had issued since the strike went into effect last Saturday. It came at a time when many reports of an offer of mediation and intervention to end the strike of 400,000 miners were heard, Lewis said.

"The machinery of the joint system of bargaining in the mining industry is impact. It would be a simple matter for the government and the coal operators to again set it in motion to negotiate a wage agreement."

The statement was issued when Lewis was questioned regarding reports of a quick ending of the strike.

It can be stated definitely that Lewis had not communicated with Samuel Gompers or Warren Stone, labor leader, about a settlement.

When the strike is settled it would not be through the instrumentality of the United Mine Workers of America, according to the stand union leaders have constantly maintained.

This stand is not changed in the east, Lewis said.

Lewis conferred with the miners' council today regarding plans for fighting the government injunction suit scheduled for hearing in federal court next Saturday.

Mail reaching the miners headquarters is made up chiefly of suggestions to end the strike. They come from people of all walks of life.

Any plan to operate the mines under the present conditions would be foolhardy, Phil Penna, secretary-treasurer of the Indiana Operators' association, stated today.

MILROY WILL VOTE ON INCORPORATION

Petition Filed With Commissioners Found Illegal and Another One Will Be Prepared

NOT ENOUGH SIGNATURES

That an effort will be made to have Milroy incorporated was divulged yesterday afternoon when the county board of commissioners received a petition for an election to settle the issue. After the commissioners had approved the petition and set the election for November 22, it was found that the petition was not legal and the procedure will have to be repeated.

The man who prepared the petition followed a statute passed twenty years ago, which has since been revised. The amended law provides that a proposed petition for an election shall be given legal publication in a newspaper. This was not one, but instead notices were posted in Milroy. The petition also failed to meet the requirements of the law by not being signed by one-third of the real estate owners of the town.

The required number of signatures will be obtained, the proper legal publication will be made and the petition will be presented again so that the issue may be settled at the polls. There is said to be some opposition in Milroy to incorporating.

POSEY TOWNSHIP RAISED

County Tax Collections Monday Amount to \$30,815.92

By the way checks for taxes were coming into the county treasurer's office this morning, it looked like today would be another big day, although the time for paying the fall installment of taxes closed last night. People who mailed their checks yesterday were not counted delinquent.

Yesterday's collections, amounting to \$30,815.92, were said to be the largest in the history of the office. County Treasurer Charles A. Frazee and his deputies were busy all during the day. Total collections on the fall installment up to last night amounted to \$278,191.35.

ROLL CALL DRIVE GETS UNDER WAY

All Township Chairmen Obtain Their Supplies and Some Canvassing is Being Done

RUSHVILLE TOWNSHIP READY

District Captains Named and Assistant Captain Will Be Assigned to Each Block in City

The Red Cross Roll Call drive was under way in every township in the county today.

All the township chairmen had obtained their supplies today and S. L. Trabue, who has been appointed Rushville township chairman, and Harrie Jones, assistant chairman, held a meeting this afternoon to arrange for the distribution of supplies and get the township organization in running order.

Practically the same district captains as acted in Rushville township during the last annual Roll Call have been appointed for the campaign this year, and with few exceptions they will call on the same assistants because they are familiar with the work and know the territory which they canvassed last year. One assistant captain will be assigned to each block in Rushville so that the solicitation will be comparatively easy for each one.

Canvassers are not expected to meet with any difficulty in renewing memberships, because people generally have come to understand the necessity of the Red Cross as a peace time organization. The annual dues of \$1 are so small that few if any will hesitate on that account.

Rush county is anxious to maintain its record for having the highest per capita membership in Indiana and the officers of the county chapter are hopeful of achieving this end.

The Rushville township district captains are as follows:

PLAN TO CURTAIL FUEL PRESENTED

Methods to Cut Down Consumption by Public Utilities Announced by State Commission

USERS OF COAL MEET TODAY

Recommended Current For Display And Window Lighting be Discontinued at Once

(By United Press.)
Indianapolis, Ind., Nov. 4.—Detailed plans for the curtailment of the use of coal by public utilities in Indiana were presented by the public service commission to representatives of coal-burning utilities who met at the state house this afternoon.

Member of the commission made it plain that they could not order their plans carried out but they indicated that they were confident of an agreement whereby they will be carried out.

The immediate plan for the curtailment of the consumption of coal as sent out by the commission is as follows:

Effective at once, Electric current used in signs display and window lighting shall be discontinued.

Electric current for street lighting shall be discontinued except on moonless or cloudy nights.

Traction companies shall curtail services to a point where only the necessities of the community service will be taken care of.

Hot water heating companies shall furnish such quantities of water and at such temperature that heretofore was adopted. The standard for heating buildings shall be lowered 10 degrees.

Water supply fountains and other displays shall be discontinued.

The plans of the commission also include the immediate formation of a utility fuel committee to handle all matters pertaining to fuel from the public utility standpoint.

A. L. Gary, who was operated on at Sexton's hospital three weeks ago was removed to his home in North Harrison street yesterday.

Harry Baker who underwent a serious operation at Sexton's hospital yesterday morning for gall stones and appendicitis, is reported to be getting along as well as could be expected.

GRAND JURY WAS TO REPORT LATE TODAY

People From Rushville, Carthage and Arlington Witnesses Before Investigators

LAST SESSION FOR THE TERM

The grand jury which held a session today was expected to report late this afternoon. Many people were summoned before them today and the time was spent in a very busy way. Besides many Rushville people, there were several from Arlington and Carthage summoned. This session will probably be the last for the present term of court, as the November term will convene November 17.

In circuit court nothing was going on today. Judge Sparks has sustained the demurrers in the case of Smith vs the Pennsylvania, Lake Erie and the director general of railroads. A few days ago the demurrers of the defendants each were heard, and in each case they were sustained. The case is for \$15,000 damages and was brought by Nelson Smith, for alleged damages which he sustained when a pick handle broke while he engaged in removing cross-ties from a transfer switch operated by the two railroads.

COUNCIL MAY PASS A LIGHTLESS ORDER

Question of Conserving Fuel Supply Likely to be Taken up at Meeting Tonight

LIGHTLESS NIGHTS RECALLED

Such a Step Now Regarded as Advisable as Plant Has Only Three Weeks Coal Supply

It is expected that action will be taken tonight at the regular meeting of the city council, to safeguard against a shutdown at the water and light plant, by issuing orders for lightless nights, during the strike of the coal miners.

While the city plant has a supply of coal on hand that may last three weeks, this supply can be extended for a longer period by careful conservation of the fuel at the plant. Many cities will pass resolutions whereby the street lights will not be turned on, and in this way help to save on the fuel consumption.

During the fuel shortage a year ago last winter lightless nights were common in many places, and even here it was necessary to curtail the use of electricity. One of the councilmen yesterday remarked that it would be a great deal better to have a little electricity for a longer time, than to be entirely out at the end of three weeks.

It is thought very likely that at the meeting tonight some kind of action will be taken to prevent people from using all of the electricity that they want. It has been pointed out that if the city should run entirely out of coal, the danger of a conflagration would also face the city, as there would be no power to give pressure to the city water. The only means to be relied upon in that case would be the chemicals and fire engine which could be attached to cisterns along the streets.

Whether action is taken by the council at this meeting or not, it would be a good thing for users of electricity to use current sparingly, as it is remarkable how much difference can be noted at the plant, when many lights are "pulling" on the juice.

Residence street lights are not lighted now because of the moonlight and only the top light of the cluster lights burn.

DISTRICT SCHOOL MEETING HERE DEC. 4

County Superintendents, Attendance Officers, Agricultural Agents and Trustees Called

STATE BOARD TO BE IN CHARGE

A meeting of the county superintendents of schools, the township trustees, county attendance officers and the county agricultural agents of the sixth congressional district will be held here Thursday, December 4, under the auspices of the state department of public instruction, it was announced today by County Superintendent C. M. George. The forthcoming conference was discussed yesterday afternoon at the regular monthly meeting of the county board of education.

The district meetings were arranged to follow the state conference which was held Wednesday last week in Indianapolis preceding the annual meeting of the Indiana State Teachers' association. The subject of the conference will be "Rural Education" and two or three members of the state department of public instruction will be present to discuss the question. Other speakers may also take part in the program. The meeting will be held in the court house assembly room.

FINAL DAY SETS RECORD

Tuition and Special School Fund Levies Are Both Increased

Both the tuition fund levy and the special school tax levy in Posey township have been increased by the state board of tax commissioners, according to word received here today at the county auditor's office. The tuition tax was raised from nine to fourteen cents and the special school tax levy from thirteen to eighteen cents.

Tuition fund levies have been raised in over half of the townships in the county, and there is little doubt but that they will be increased in every township over the amount fixed by the state board. The principal complaint about the rates made by the commissioners was due to the cut in the tuition tax.

CALIFORNIA MAN TO SPEAK TONIGHT

Dr. C. H. Fowler Makes Deep Impression on Audience at M. E. District Conference Today

PERSUADED TO TALK AGAIN

Dr. G. W. Anderson Fails to Arrive For Monday Night Address But Speaks This Afternoon

Dr. C. H. Fowler of southern California addressed the M. E. evangelistic conference here this morning, and made such an impression on the audience that he was requested to remain over and deliver an address at the church tonight, in order that the public could hear him. The meeting tonight was arranged on short notice but is expected to be well advertised, and a big crowd will no doubt be on hand to hear him. It will commence at 7:30 o'clock, and following his address the first quarterly business session of the local church will be held.

The M. E. conference is well attended and the meeting this afternoon was to conclude the program as far as business was concerned. The meeting this morning was addressed by the California minister.

Last night, Dr. George Wood Anderson of Wilkesbarre, Pa., was unable to be present, but arrived this morning. His place was filled last night by Dr. F. W. Heckleman of Japan, and his message was one which was highly appreciated by the audience.

Dr. Heckleman, who has spent fourteen years in Methodist work in Japan, is now in this country on a furlough. In his address last night he spoke with authority about the Japanese country, and also discussed the Shantung question, which has been the subject of much discussion in relation to the peace treaty.

Dr. Anderson, who arrived this morning, spoke this afternoon at three o'clock, and his address was considered by the delegates as most profitable and was a fitting climax for the conference.

All of the delegates and ministers from the Connersville district who attended the meetings here, were served last night and at noon today with a dinner in the church by the ladies of the church. Practically every church was represented.

Dr. J. M. Walker, district superintendent, presided at the meetings, and this afternoon addressed the pupils of the high school, at the Graham building.

BUYS GROCERY STORE

Claude Smith has purchased the grocery store in West Fifth street which Ben Riley recently bought of Owen McKee. He has sold his property at 314 West Fourth street to Miss Nettie Ormes and will live in apartments over the store.

ANOTHER MEETING WEDNESDAY NIGHT

Armistice Day Committees Will be Called Together Again to Discuss Plans For Day.

WAR MOTHERS MEET TONIGHT.

Will Consider Proposal to Appear in Service Flag Parade—Lt. Joe Hitt to be Invited

Not enough members of the committees appointed to arrange for the celebration of Armistice Day one week from today, were at the meeting last night to make any progress with the plans and another meeting has been called for Wednesday night at eight o'clock at the same place—the assembly room of the court house.

Speakers have already been obtained, but this is the only definite thing which has been done. The finance committee had not canvassed the city yesterday for money to finance committee had not canvassed mittees hesitated to make debts until it was ascertained how much money was available.

One thing is certain—the public schools will not be dismissed for the day because the township trustees, at their monthly meeting here yesterday afternoon, decided that such a course would not be advisable since they are given permission by law to dismiss the schools only for an educational meeting. School children of the county lost a day last week on account of the Indiana State Teachers' association meeting and the nine trustees who were at the meeting yesterday argued that they should not lose another day next week.

The War Mothers have called a special meeting for tonight to discuss the proposal that they ride in the service flag parade scheduled for two o'clock in the afternoon, the day of the celebration. It is expected that they will be able to estimate, after the meeting, the number of war mothers who will take part. Arrangements are to be made to provide automobiles for the War Mothers.

Efforts were being made today to get in communication with Lieut. Joe Hitt, son of Mr. and Mrs. William Hitt, who has been transferred to the Speedway, Indianapolis, in an effort to induce him to fly to Rushville Armistice Day. It was

LOCK MAIL POUCH SERVICE RESTORED

Mail For Points West May Now be Left at the Postoffice Up Until 8 O'clock at Night

LAST MAIL FORMERLY AT 7

A lock mail pouch for Indianapolis was put on the 11:20 westbound C. I. & W. train last night so that from now on it is possible to leave mail at the postoffice up until eight o'clock and it will go west the same night. Previous to last night, since the new time table went into effect, westbound mail had to be in the postoffice by seven o'clock to go west the same night because the last mail train left at 7:33.

Local postal clerk that mail be left at the postoffice by seven o'clock so that it can make the 7:33 whenever possible because the lock pouch service is not very satisfactory. The mail frequently misses connections, they say.

Postmaster Hunt has been endeavoring to get the lock pouch service since the schedule was changed. Connersville also has been making a fight for it because the last westbound mail left there at 7:04 p. m.

HESSIAN FLY IS FOUND IN WHEAT

Appears Even in Fields Sowed After
Sept. 28, After Which Date Sow-
ing Was Regarded Safe

FLY HAS FOUR STAGES

Fields Sowed Early Which are Badly
Infected May Have to be Re-
Planted Next Spring

Many of the wheat fields of Rush
county are badly damaged by the
Hessian fly this year, according to
reports which have been received.
The increase in the abundance of
Hessian fly has been noted by ento-
mologists and the members of the
state extension staff and a warning
was given early in the fall.

As the result the wheat was
planted much later this year than
usual but still many fields were too
early to escape the fly. It was re-
garded fairly safe to sow wheat af-
ter the 26th of September but it is
found many fields sowed after that
date that are badly affected.

The majority of those sowed be-
fore are looking worse every day
and will probably have to be planted
to another crop next spring. The
fly seems to come and go in waves.

Those who are studying the work
of these insects claim that they
multiply in numbers for a few years
when farmers begin late sowing of
wheat, and a parasite that works on
them becomes abundant and reduces
the number to the minimum.

Early sowing is again practiced
and the trouble again appears. The
fly has four stages, the egg, the
larva, the pupa or resting stage, and
the adult or fly stage. The fly that
is now in the wheat will live over
winter in the half grown larva stage
or the pupa stage and develop into
the winged fly in the spring. In this
stage they may fly long distances
and lay eggs on other fields of wheat
next spring. For this reason fields
that are not affected this fall may be
seriously injured next year.

Every farmer could be per-
suaded not to sow a grain of wheat until
the first of October next year the fly
could be reduced to a negligible
quantity for there would be no
place for them to breed except on
volunteer wheat.

coming, it is believed.

Sparklers for the parade at night
have been ordered, but no music
will be engaged by the committee un-
til the finance committee canvasses
the city.

The service flag parade in the af-
ternoon is expected to be one of the
attractive features of the day. The
township chairman appointed a week
ago have been asked in letters sent
to them to invite specially all the or-
ganizations in their townships hav-
ing service flags, to arrange to dis-
play them in the parade.

The township chairmen also have
been asked to extend an invitation
to all families having war relics to
place them in the township displays
which will be made in the show win-
dows of downtown business houses.
The business district has been divid-
ed for the exhibit by townships.

“Flu Oil” Gets the “Flu” or Spanish Influenza

Rub the chest and throat freely and apply hot cloths (flannel is the best). Take 10 to 15 drops on the tongue every hour or so; if the head is aching or nostrils are stopped up, apply it to the inside of the nostrils with the little finger, or better still by using an atomizer, taking long breaths to draw the fumes of the oil up into the head and throat. Open the bowels freely with a good laxative. You will find “Wolcott's Little Wonder Workers” the best, as they act on the liver and do not leave the bowels constipated.

“Flu-Oil” gets the Grip and Bad Colds. Use the same as for “Flu.”

“Flu-Oil” gets that Bad Cough.—You will find it one of the most efficient remedies you ever used for this purpose. Take 10 or 15 drops on the tongue every two or three hours, or as often as is necessary to control the cough. Children's dose in proportion to age. Keep the bowels open with “Wolcott's Wonder Worker” pills or some other good laxative.

“Flu-Oil” gets the Croup.—Rub the “Flu-Oil” over the throat and chest, then apply a hot compress made with a wash rag or soft cloth wrung out of hot water to the throat and cover up well with a dry cloth. Change the hot compress in 5 or 10 minutes if not thoroughly relieved. To prevent croup at night, apply freely to throat and chest and cover with a hot flannel cloth.

MUNCIE FAKE FIGHT CASE STARTS TODAY

Defendants Charged With Conspiracy to Use Mails to Defraud Lined up Before Judge

SLACK'S OPENING STATEMENT

(By United Press.)

Indianapolis, Ind., Nov. 4.—The wheels of justice started their deliberate grind in the Muncie fake fight swindle case today.

Defendants were lined up before Federal Judge A. B. Anderson, charged in the grand jury indictments with using the mails in a scheme to defraud and with conspiracy to do so.

Among them were Mayor Rolin H. Bunch of Muncie, and Horace G. Murphy, prosecuting attorney of Delaware county. These two were charged with receiving “protection money” from the gang which is said to have operated within their jurisdiction.

On opening the case for the government, L. Ert Slack, United States district attorney, charged that the gang divided its spoils upon a set percentage basis, ten percent going to Chauncey Stillson, hotel owner of Muncie, for “protection” purposes.

The gang, according to Slack, worked its victims out of a total sum estimated at from \$250,000 to \$500,000. The average haul of \$10,000 was taken from each victim.

A General Strike

A conference of labor chiefs to effect an alliance with Canadian unions to fight out the life and death struggle of the workers now in progress, has been called by Sam Gompers, and it will undoubtedly be a life and death struggle—one in which labor will be lost if it wins and will be saved if it loses. A general strike will hurt the laboring man as much if not more than it will any other class of citizens and if a general strike is called it will be the laboring man's government which will be overthrown as well as the government of every other individual.

This thought should give pause to the true American laboring man who believes in our institutions and ideals. He should ponder over the question, and if he does, he will reason that if the institutions upon which the prosperity of this nation has been built for a century, are to go down, he will suffer equally with his neighbor.

It is probably hopeless to bring sanity to the minds of the ignorant foreign element that is so prominent in the coal strike and that will be evident in other strikes if they come. They get their inspirations from Europe and are steeped in the teachings that have brought chaos to Russia and are seeking to wreck other countries of the Old World. But what of the native Americans who seem about to throw themselves head long into this plot against society? Many of their sons and brothers gave their lives that American independence might live. Are they now to imperil not only their own lives but the lives of others to secure the destruction of that independence?

A general strike would be, in the last analysis, a fight for the closed shop, to deny to a man the right to work except under conditions imposed by an organization unrelated to him or his prospective employer. An attempt to ring from the public compliance with such a principle by imposing suffering and death upon the people is neither moral, humane, nor American. It is as criminal a proceeding as the act of the high-wayman who holds up his victim at the point of a pistol and demands money. Intelligent members of labor organizations owe it to themselves to pause and soberly consider what they are about to do.

Proves Yellow Mustard Conquers
Pain and Frees the World of Much
Sickness, Misery and Distress

Nineteen years ago chemist Begy discovered Mustarine. He made it with real, honest yellow mustard. To which other pain relieving ingredients were added. He said to the medical profession: "Here is something twice as effective as your old fashioned, mussy, blistering mustard plaster."

"It's full of concentrated heat and heat eases pain."

"It won't blister—it can't blister."

And one box will do the work of 50 mustard plasters."

The doctors tried it—were astonished—almost amazed. It stopped pains, aches and soreness quicker than anything they had ever seen.

They prescribed it for sprains and strains, for lumbago and gout. They found it invaluable to quickly reduce inflammation and remove congestion.

They urge its use in Tonsillitis, Bronchitis, Pleurisy, Sore Throat and Chest Colds and found it wonderful.

They grew enthusiastic—Mustarine was great.

They tried it for rheumatism to limber up stiff joints and muscles and it didn't disappoint.

If you haven't tried Begy's Mustarine get a small box at your drug-gists today—it costs but little, the results are marvelous—but be sure it's Begy's—the quickest pain killer on earth—always in the yellow box, 30 and 60 cents.

Hez Heck says: "A bore is as bad as a liar."

Progress consists in doing old things a better way.

Health is the result of what you eat and what you think.

Being kind and doing useful work is all the religion the world needs.

About the only virtuous extravagance is an extravagance in the use of fresh air.

There is enough to do now without troubling about what has been or what will be.

Talk it Over—And Talk Again.

When two neighbors enter into a dispute there are usually two sides to the question at issue, with merit on both.

If each is willing to talk it over dispassionately it is not difficult to effect an amicable adjustment. But if one or both are stubborn, they come to blows, one gets licked and the other is punished by the courts or his conscience.

Talking it over is a good thing. It is a jewel to be fostered and encouraged among our people. It brings to light the good and the weak points of both sides inculcates an element of self restraint into turbulent dispositions, and preserves that spirit of amity which supplies the sunshine of our community life.

Talk it over by all means—and if at first your talk does not succeed, talk again.

If, as we are told, "the wages of sin is death", it is a long time overtaking some of the hardened old reprobates of this world.

If the wage increase continues, business men will soon be throwing up the sponge and looking for fat jobs.

The toughest slam yet at a returned soldier was when a Chicago woman, answering a divorce suit, couldn't remember whether or not he had kissed her.

In large cities scrub women are receiving \$3 and \$4 a day. Ministers and college professors receive nearly as much.

The war, they tell us, is responsible for the decrease in the birth rate. But now that the war is over we have hopes.

"When should a girl kiss?" inquires a demure damsel. That depends upon the nature of the animal and the mood, we imagine.

Amusements

Dorothy Gish at Princess

Dorothy Gish is at the Princess today in "Turning the Tables," a picture full of action and vim. "Bray Pietograph," which deals with interesting subjects, is also on the

program. Tom Moore and Madge Kennedy appear tomorrow in "The Kingdom of Youth" and Pathe News will be shown.

A big double program is announced for Thursday and Friday with Billie Burke in "The Misleading Widow" and Fatty Arbuckle in "Back Stage." "The Misleading Widow," a Paramount-Artercraft production, is said to be one of the most delightful screen romances ever produced.

Miss Burke has the role of Betty Taradine, who was married and later deserted by her husband on account of her extravagance, and lives in a big house in a little New England village. Colonel Preedy, a wounded army officer, is convalescing at the Taradine house. Betty is besieged by creditors, and short of funds, announces that her husband has died in South Africa, so that she can collect his life insurance. Complications occur when Captain Rymill, the Colonel's aide and friend, arrives and proves to be none other than the "dead" husband. How matters are finally adjusted forms the climax of the story, which is ideally suited to the whimsical art of Miss Burke.

Prominent in the supporting cast is the well-known young actor, James L. Crane. Others are Frank Mills, Madeline Clare, Fred Hearn, Frederick Esmelton and Dorothy Waters.

Big Feature at Mystic

The production of "The Eyes of the World" at the Mystic theatre today and tomorrow will take on special authority by reason of the fact that Harold Bell Wright, the author of the book which has braked all records as "best sellers," with a sale of over one million copies, had an active personal hand in the work of interpreting his characters for the screen. To do this Mr. Wright gave up all his literary activities. Such a co-ordination of famous writer, producer and studio working force never having been known since motion pictures evolved from the novelty period to the undertaking of cinema features of many reels and at the same time that is put into the preparation of the greatest spectacles of the theatre.

"The Eyes of the World" is a story of California. For the film production the author has added a prologue which goes back to Boston a generation before the opening scenes of the book and shows the origin of his characters. This is said to greatly increase interest in the people of the story.

Readers of the book will recall many scenes in the mountains that ought to provide great material for a thrilling and scenic photoplay. There is, for instance, the furious hand-to-hand combat of Rutledge and the King, the rival lovers, on the precipitous cliff. As in the book, this is the major climax of the film production, and great things are promised in the way of thrills when this is shown on the screen.

Heifetz at Murat.

The young violinist, Jascha Heifetz, will be heard in recital at the Murat theatre in Indianapolis on Sunday afternoon, November 9, this being the first of the three notable concerts arranged for November under the direction of the Ona B. Talbot Fine Arts Association, the others being Mme. Schumann-Heink on Sunday afternoon November 23, and Joseph Hoffman, pianist, on Sunday afternoon, November 30.

Heifetz has shattered all records set by instrumentalists in America. During his first season, in New York alone he gave eighteen concerts, which, from point of attendance as well as for remarkable playing, have never been approached by any performer in the city's history. The same is true in whatever city he appeared: thousands have flocked to hear his playing, crowding the halls to overflowing time after time. His recitals, particularly in the larger cities, are the scenes of enthusiasm and excitement. When he played in Indianapolis last spring the audience was wild with enthusiasm. The hundreds who were thrilled by his playing then, and the many who were not so fortunate, are eager to hear him, and all indications are that the S. R. O. sign will be in evidence when he plays at the Murat theatre.

The teacher was illustrating by object lessons, as she invariably did when teaching arithmetic. It was a country school, and the youngsters were in the main of tender age. She opened her luncheon kit, and put two hard boiled eggs on the desk and said:

"How many eggs are there?" One of the older boys whispered to a youngster: "Two ones is all the same as eleven." The smaller boy piped up:

"They's eleven eggs."

"Oh, no, no," said the teacher. "There are only two. But, how many would there be if I laid another egg on the desk?"

"I bet you a dime you can't do it," came a voice from the back of the room.

Elastica Floor Finish
(Finishing New Floors)

Floors now play such an important part in the general decorative effect of any room and are subjected to such severe conditions of wear, that too much care cannot be exercised in their finishing. The directions given for the treatment of floors are based on practical experience and assure most satisfactory results.

Woods used for new floors are classified under two groups—first, open grain woods, comprising the different kinds of oak; and second, close grain woods, such as maple, birch, cherry and hard pine. Each group requires slightly different treatment.

If, after the floors have been laid and smoothed, they should become soiled in spots, moisten the spots with turpentine and then sandpaper; or, more effective still, use steel wool dipped in turpentine. Floors must be thoroughly dry and free from grease and dirt before the finish is applied. Washing with water will raise the grain of the wood. When this is done, the floors should be sandpapered smooth and well dusted before proceeding with the finishing materials.

Do not apply ELASTICA floor finish over shellacs, liquid fillers or patent first coats.

Little Giants and Old Gold About

Indianapolis, Ind., Nov. 4.—Foot-
ball fans of Indiana are focusing at-
tention on the Wabash-DePauw
game to be played here, Saturday,
November 8, at Washington Park.
Bitter rivals for more than a quar-
ter of a century, never beaten until
the last whistle, the two institutions
this year lay claim to having the
best teams in recent years and
alumni throughout the Middle West
are planning to make their annual
pilgrimages to witness a game that
will last long in football annals.

Wabash, the home of the Little
Giants, has concentrated on this
game, because in traditions of this
college an athletic season is a suc-
cess if DePauw is beaten. The Old
Gold is equally eager to win. It is
his spirit that insures a contest
long to be remembered.

Student bodies of the two schools
will come to Indianapolis on special
trains, accompanied by bands and
many townspeople from Crawfords-
ville and Greencastle. Merchants
here will decorate their stores for the
occasion and it will be a gala day
for the city. Street parades, fol-
lowing the arrival of students will
lure the business district.

Confident in the wealth of sea-
soned veterans of past campaigns,
and strengthened by new men who,
in many instances, have crowded
regulars out of places, each team is
hoping to run up a decisive score.

winning aggregation this season than in any other year he has directed the Old Gold warriors. Robert J. Vaughan, head coach, and J. R. Townsend, athletic director for Wabash, believe the squad that will journey to Indianapolis to do battle for the scarlet is the best representation that Wabash has had in many years.

The only direct hope on the teams this year was obtained in the game with Butler. Wabash, tackling the Christians early in the season, ran up a 67 to 0 count, using many substitutions. A few weeks later, DePauw also using several second string players, swamped the Indianapolis School, 76 to 0. By the comparative score route, followers of the Old Gold team believe they have a slight edge on the Wabash outfit, but little Giant enthusiasts are wholly confident that Wabash will be a decisive victory.

FORBIDS THE EXPORT OF DRUG SALVARSON

German Act Has Led to a Smuggling Business of Unprecedented Proportions

WORLD EAGER FOR THE DRUG

(By United Press.)

Berlin (By Mail).—While the outside world clamors for the German drug, salvarsan, the nation has forbidden its export. This has led to a smuggling business of unprecedented proportions, and to the manufacture of fake salvarsan to put into the export business.

The smuggling of this drug is a lucrative business. It can be bought cheaply in Germany, and can be sold for 50 to 100 times that figure in the outside world.

An instance of the extent of this smuggling was recently offered in the case of an American woman, married to a German if he could put her in touch with an American officer or soldier who would take out a package of the drug for her.

"I'd be willing to pay him well," she said.

"I'm sure you can't bribe an American officer or soldier," replied the correspondent.

"Well, I don't know, maybe I'm dead morally, but I'm so desperate that I'd do almost anything, and if I could only smuggle out this one box I'd have enough money to go back to America," she replied. "I'm an American even if I am married to a German and have lived in this terrible country a long time. And you can just bet that I'm going back home."

DON'T DISREGARD A COLD

The influenza and pneumonia that swept the country a year ago were preceded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time, and will also stop a cough of long standing. It promptly gives relief, soothes and heals. Mrs. Geneva Robinson, 88 N. Swan St., Albany, N. Y., writes: "Foley's Honey and Tar is the best cough medicine I ever used. Two bottles broke a most stubborn lingering cough." It loosens phlegm and mucus, clears air passages, eases hoarseness, stops tickling throat. F. B. Johnson.—(Adv.)

NEXT LYCEUM NUMBER
MANILLA, WEDNESDAY

Chaney Concert Company of Noted
Artists Will Appear at M. E.
Church, 7:30 O'clock

ARE HIGHLY RECOMMENDED

The next number on the Manilla
Lyceum course, which is being held
there this winter, will take place to-
morrow night, when the Chaney
Concert Company will appear in a
musical program. The concert will
be given in the M. E. church and will
begin at 7:30 o'clock.

The Chaney Concert company is
a company of entertainers and mu-
sicians who have given concerts all
over the country, under the leader-
ship of the talented artist, Marx
Chaney. Their program offers de-
lightful orchestral numbers, solos,
duets, trios, novelty features, read-
ings, whistling and pianologues.

An instrument, "The White House
Golden Organ Chimes," especially
manufactured for this company, is
the latest and most melodious in-
strument of its kind. It excites great
interest and as played by the skill-
ed artists, always bring forth rounds
of applause from delighted hearers.
Four people comprise the Chaney
Company.

Catarrh Specialist
Coming to Rushville

WILL GIVE FREE EX-
AMINATION AND ADVICE

Medical Director of Indiana Ca-
tarrh Institute to Give Talk on
Catarrh and Tuberculosis.

Chronic catarrh of the nose,
throat and lungs is so prevalent and
so often the forerunner of fatal
diseases like tuberculosis, influenza,
asthma, hay fever and others that
the Indiana Catarrh Institute, per-
manently located at 1436 North Illi-
nois street, Indianapolis, Ind., is
sending their medical director to a
few points in Indiana to examine
and advise sufferers from this dis-
ease on how to prevent or cure it.

His examination, consultation and
advice is free. He invites everyone
who is afflicted with chronic catarrh
of the nose, throat or lungs, chronic
cough and bronchitis, dropping mu-
cus in the throat, pains in the chest,
shortness of breath, clogged up head
and nostrils, head noise, catarrhal
deafness, hawking and spitting, or
any chronic catarrhal conditions, to
be examined and get his advice with-
out charge or obligation. He will be
glad to talk with you, giving you the
benefit of his skill and experience
freely.

Beware of tuberculosis and other
fatal conditions by taking treatment
in time.

The specialist will be at the Hotel
Seaman, Wednesday, Nov. 5th, from
9 a. m. to 8 p. m., one day only, and
will examine all who call to see him.

For further information either call
in person or write the Indiana Ca-
tarrh Institute, 1436 N. Illinois St.,

EVERY OHIO CITY
VOTES ON MAYOR

Today's Election is Primarily for
Election of City, Village and
Township Officials.

THREE REFERENDUM BALLOTS

Even if Wets Should Win Against
Ratification Resolution it Would
Not Mean Anything

Columbus, Ohio, Nov. 4.—Today's
election in Ohio is primarily for the
election of city, village and town-
ship officials and for other matters
of purely local nature.

Every city in the state has a may-
orality election. In addition various
other city officials are to be elected.
Bond issues, city, county and school,
will appear on local ballots.

Three state referendum ballots will
be voted on. These three ballots
contain five measures, as follows:

1. Referendum on Crabbe bill pro-
viding for the enforcement of state-
wide prohibition in Ohio. (Initiated
by wet interests).

2. Referendum on joint resolution
of Ohio legislature ratifying the fed-
eral prohibition amendment. (Wet
proposal.)

3. Referendum on proposed
amendment to the state constitution
defining beverages containing 2.75
percent alcohol as non-intoxicating.
(Wet proposal).

4. Referendum on proposed
amendment to the state constitution
repealing statewide prohibition, re-
storing the license system and de-
fining beverages containing 2.75
per cent alcohol as non-intoxicating.
(Also wet).

5. Proposed amendment to the
state constitution providing for the
classification of property for the
purpose of taxation.

Even if the wets should win and
cast a majority against the ratifica-
tion resolution it would not neces-
sarily mean anything, as Ohio's vote
is unnecessary to sustain ratifica-
tion. The wets hope for a moral
victory and evidently believe other
states would follow Ohio's lead
should the wets be successful here.

The Crabbe measure, adopted by
the legislature after an extended
squabble, provides penalties for vio-
lation of the state prohibition
amendment. Drys claim it is abso-
lutely necessary. Wets claim it is
more drastic than the general public
wants.

The proposed classification
amendment, in brief, provides for
classification of property with uni-
form taxes on various classes. Ad-
ministration of the amendment ap-
parently depends upon laws which
would be enacted following its adop-
tion.

The Ohio grange is leading the
fight against classification, maintain-
ing it would increase the tax on land
and decrease the tax on stocks,
bonds, etc. Workers for the amend-
ment claim it provides a more equi-
table and just basis for taxation
than the system now prevailing.

HOPE TO CLOSE THE SESSION ON NOV. 10

House Leaders Wish to Complete Budget Measure, Railroad Bill and Oil Leasing Bill

BUDGET MEASURE IMPORTANT

Believed Public Will Estimate Session in Which There Has Been Much Accomplishment

INDIGESTION

Caused by
Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by **Acid-Stomach**.

There are other stomach disorders which also are sure signs of **Acid-Stomach**—heartburn, bloating, food poisoning, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the **acid-stomach**. A wonderful modern remedy called **EATONIC** now makes it easy to do this.

One of hundreds of thousands of grateful users of **EATONIC** writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using **EATONIC** for a few days the gas and pains in my bowels disappeared. **EATONIC** is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try **EATONIC** and you, too, will be just as enthusiastic in its praise. Your druggist has **EATONIC**. Get a big 50c box from him today. He will refund your money if you are not satisfied.

portant legislative measures as will have been completed by the committees by that date. Mr. Mondell said today that he hopes this list will include not only the budget measure, which is now receiving final consideration on the floor of the House, but also the railroad bill, the oil leasing bill, a measure outlining a future merchant marine policy of the Government and providing for the sale of the present government-owned fleet of cargo vessels, and a measure permanently fixing the peace-time strength of the Army and its form of organization.

The budget measure is looked upon as one of the notable achievements of the present Congress. Although this legislation was one of the promised reforms contained in the Democratic national platform of 1916, the Democratic leaders in Congress failed, during the several sessions that they were in the majority, to bring about its enactment. Shortly after the Republicans gained control of Congress, special committees were appointed both in the Senate and House for the formulation of budget legislation, and after exhaustive hearings, during which many eminent public men contributed their advice the budget committee of the House brought forth a measure which has met with popular approval, and which was speedily brought up for passage in the House under a special rule giving it precedence over other legislation. It is believed that the adoption of a budget system in the government's fiscal affairs will result in an annual saving of many millions of dollars, and have an appreciable effect in reducing taxation.

The proposed legislation fixing the peace strength of the Army, and outlining the permanent bureau formation of the War Department, which Mr. Mondell hopes to have enacted before adjournment, will not be a complete reorganization measure, but will be sufficiently comprehensive to permit the War Department to make its plans for the future, and to inform the public as to the size of the Army which will constitute the permanent military forces of the country. General Pershing will shortly appear before the House Committee on Military Affairs and give his views as to the Administration's plans for a standing army of half a million men, which has not met with favor in the hearings heretofore held, and following his appearance, it is believed that the partial reorganization plan will be presented to the House.

The oil leasing bill, which has already passed the Senate, has been ordered favorably reported by the House Committee on Public Lands and will soon be ready for consideration on the floor. Hearings have

not yet been held on Chairman Greene's merchant marine measure, but since this measure, recently introduced, is based upon testimony taken at recent general hearings, it is believed that the Committee will soon take final action upon it. This measure will complete the program which the Republican leader, Mr. Mondell, hopes to have enacted by the present special session by November 10, and, together with the long list of important measures already enacted, including the measures affecting the high cost of living, it is believed the session will be estimated by the public as one in which there has been much genuine accomplishment and reform.

INDIANA APPLE SHOW GETS A GOOD START

9th Annual Session Will Show the Superiority of Apples Grown in This State

FOOD VALUE ALSO SHOWN

Indianapolis, Nov. 4.—The Ninth Annual Indiana Apple Show which began today and which will continue throughout the next four days, was said to be one of the largest and most successful ever held in the state. The main object of the show will be to bring home the full value of apples as a foodstuff, and to demonstrate the superior quality of fruit produced in Indiana. Recipes, telling how to prepare many delicious dishes, will be given out to all persons attending.

Women from the home economics department of Purdue university, LaFayette, are here conducting the demonstrations, and will remain until the show closes.

The show is being staged in Tomlinson hall.

TUITION TAX LEVY RAISED

Rushville School Board Allowed 5 Cents More by Tax Board

The Rushville city school board has been granted an increase of five cents in its tuition tax levy by the state tax board. Members of the local board appeared before the commissioners and showed them that the schools could not run more than eight months with a levy of 25 cents, to which the rate was cut. It was raised to 30 cents, but the special fund levy was left at 25 cents. The school board asked for 30 cents on the special school fund also. The bond tax levy was cut by the state board from nine to eight cents.

DISCARD JOKE ABOUT THE HORSE MARINES

Nearly Every Marine is Able to Perform the Duties of a Cavalryman When Demanded

PRIZES ARE WON IN RODEO

Washington, Nov. 4—The old joke about horse Marines has gone into the discard along with the memory of Captain Jinks.

Nearly every Marine is able to perform the duties of a cavalryman when the occasion demands, and mounted detachments of Marines are now on duty in Haiti, China and elsewhere. The sea soldiers do some plain and fancy riding at their school of equitation, conducted by perform the duties of a cavalryman the Marine Corps at Quantico, near here, and students are given a course of lectures on horsemanship. As a demonstration of their skill horse Marines competed in the rodeo, held recently at San Francisco, and carried off several prizes.

Don't Burn Good Fuel in a Poor Stove.
TAKE
PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is **PEPSINCO.**

Ask your druggist—he sells and recommends Pepsinco.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome. He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease. And best of all this remedy costs almost nothing. Get a one-ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled. Then gargle as directed and twice daily snuff or spray each nostril thoroughly. That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using. If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Cylinder

This is another Litchfield creation which has caused no small disturbance in the ranks of its competitors. This is used on the "Rushville Special" Spreader.

This is called Bull-Dog because of the determined and thorough method of taking hold of the load and tearing it to pieces. The high carbon steel teeth are double headed in the steel bars, with diamond points, toward the work. The teeth are of two lengths. The long teeth first penetrate the load and the shorter teeth follow, clearing and cleaning so as to avoid packing or unnecessary friction—just like a cross-cut saw.

This Bull-Dog Cylinder hangs far enough below the spreader bottom so that the upward stroke lifts and carries away the material without DRIVING IT BACK into the body of the machine. As the load is moved by the saw-tooth conveyor, this beater wheel thoroughly tears and distributes without packing, bunching or clogging. There is no "wallowing" in the load with this beater wheel—therefore, no unnecessary draft.

The Bull-Dog, combined with our No-Choke Box, of which I will tell you later, reduces the draft from 15% to 30% over the old-fashioned kind as used by our competitors. This not only makes the draft light on the horses, but reduces the wear and tear of the machine and makes possible our Five Year Guarantee.

Your land needs it now. Don't take a chance by waiting. There is nothing gained by delay, but much may be lost. BUY IT NOW.

Division Officials Answer Questions About The Peace-Time Red Cross

"Motor Corps, canteens and base hospital units operating under the Department of Military Relief are being reorganized for peace time. First Aid is being promoted in an effort to save lives. Soldiers in camps at home and abroad still have the Red Cross with them."

W. E. Kellogg, Director, Department of Military Relief.

"Red Cross courses in Home Hygiene and Care of the Sick and Dietetics, training and enrollment of nurses for public health service and preparation for community emergencies are making the Red Cross nurse a vital factor in raising health standards at home."

Miss V. Lota Lorimer, R. N., Director, Department of Nursing.

"Disaster and Emergency Relief has been organized. Information Service established and Home Service will, in many cases, be extended to meet the needs of civilian families as needs of soldiers, and their families were met during the war."

Starr Cadwallader, Director, Department of Civilian Relief.

"The Junior Red Cross in American schools is giving a new inspiration in work and play to teachers and pupils alike. It establishes a link with the world and trains the children in the ideal of international neighborliness."

CAMPAIGN MANAGER ANNOUNCES DIVISION ROLL CALL QUOTA

THE Red Cross Third Roll Call aims to sign up 2,490,000 Red Cross members for Red Cross service in 1920, according to an announcement made at Lake Division Headquarters today by MacKenzie R. Todd, campaign manager for Ohio, Indiana and Kentucky. Chapters in Ohio, Indiana and Kentucky, which number 357, have been supplied with campaign material from division headquarters in preparation for the November 2-11 drive for Universal Membership.

Cincinnati chapter has sent an order for 70,000 buttons over the number assigned the chapter by division headquarters. Toledo has promised 90,000 at least and Dayton is counting on enrolling at least 53,000 members. Ashtabula has written Mr. Todd asking for double last year's quota.

To date 85 of the 108 Ohio chapters—90 of the 144 Kentucky chapters and 69 of the 105 Indiana chapters have appointed special Roll Call chairmen to conduct local campaigns for members. Red Cross peace service to humanity is as important as the organization's war service, in far-reaching effects for the betterment of humanity.

DISCUSS WOMEN'S RIGHTS IN CHURCH

Presbyterians to Determine Whether They Have Equal Rights With Men in Church

TO DECIDE THREE QUESTIONS

Questions Were Propounded to General Assembly of Presbyterian Church

(By United Press.)

New York, Nov. 4.—Whether women shall have equal rights with men in all the functions of membership in the Presbyterian church in the U. S. A., is to be determined by a canvass of the Presbyterians of the country.

Three questions are to be decided: 1. Whether women shall be ordained to the ministry of the church. 2. Whether women shall be ordained to lay ministry of the church. 3. Whether women shall have the same rights as men in the sessions, presbyteries, synods and assemblies of the church.

These questions were propounded to the general assembly of the Presbyterian Church by three presbyteries and were referred to a special committee on official relations of women. This committee consists of: Rev. S. Hall Young, Chairman, New York City.

Rev. Edgar W. Work, New York City. Rev. William L. Barrett, Bellefontaine, Ohio.

Rev. T. Manson, New Haven, Conn. Rush Taggart, New York City.

The committee was appointed by Dr. John Willis Baer, moderator of the Presbyterian church, in accordance with the action of the last assembly. Rev. W. H. Roberts, of Philadelphia, stated clerk of the general assembly is ex-officio clerk of the committee.

The committee has delegated to Dr. Young the task of obtaining the consensus from the men and women of the church and the general argument pro and con. It has instructed Dr. Work to report on Bible deliverances on the subject.

It has requested Dr. Barrett to assemble the facts as to the usages of other churches.

Manson is to report on cases regarding women's places in the church which have been decided or are now pending, while Taggart is to look up Presbyterian law and equity in the case.

POINTS OUT WAY TO END THE STRIKE

Acting Pres. Lewis Declares Machinery of Joint System of Bargaining is Still Impact

SIMPLE TO SET IT IN MOTION

Statement Made Following Many Reports of Offers of Mediation in Coal Strike

Indianapolis, Ind., Nov. 4.—John L. Lewis today pointed out the machinery of the mine industries which can be set in motion to "negotiate a wage agreement."

The statement of the acting president of the United Mine Workers of America was the first he had issued since the strike went into effect last Saturday. It came at a time when many reports of an offer of mediation and intervention to end the strike of 400,000 miners were heard, Lewis said.

"The machinery of the joint system of bargaining in the mining industry is impact. It would be a simple matter for the government and the coal operators to again set it in motion to negotiate a wage agreement."

The statement was issued when Lewis was questioned regarding reports of a quick ending of the strike.

It can be stated definitely that Lewis had not communicated with Samuel Compers or Warren Stone, labor leader, about a settlement.

When the strike is settled it would not be through the instrumentality of the United Mine Workers of America, according to the stand union leaders have constantly maintained.

This stand is not changed in the east, Lewis said.

Lewis conferred with the miners' council today regarding plans for fighting the government injunction suit scheduled for hearing in federal court next Saturday.

Mail reaching the miners headquarters is made up chiefly of suggestions to end the strike. They come from people of all walks of life.

Any plan to operate the mines under the present conditions would be foolhardy, Phil Penna, secretary-treasurer of the Indiana Operators' association, stated today.

MILROY WILL VOTE ON INCORPORATION

Petition Filed With Commissioners Found Illegal and Another One Will be Prepared

NOT ENOUGH SIGNATURES

That an effort will be made to have Milroy incorporated was divulged yesterday afternoon when the county board of commissioners received a petition for an election to settle the issue. After the commissioners had approved the petition and set the election for November 22, it was found that the petition was not legal and the procedure will have to be repeated.

The man who prepared the petition followed a statute passed twenty years ago, which has since been revised. The amended law provides that a proposed petition for an election shall be given legal publication in a newspaper. This was not one, but instead notices were posted in Milroy. The petition also failed to meet the requirements of the law by not being signed by one-third of the real estate owners of the town.

The required number of signatures will be obtained, the proper legal publication will be made and the petition will be presented again so that the issue may be settled at the polls. There is said to be some opposition in Milroy to incorporating.

County Tax Collections Monday Amount to \$30,815.92

By the way checks for taxes were coming into the county treasurer's office this morning, it looked like today would be another big day, although the time for paying the fall installment of taxes closed last night. People who mailed their checks yesterday were not counted delinquent.

Yesterday's collections, amounting to \$30,815.92, were said to be the largest in the history of the office. County Treasurer Charles A. Frazee and his deputies were busy all during the day. Total collections on the fall installment up to last night amounted to \$278,191.35.

ROLL CALL DRIVE GETS UNDER WAY

All Township Chairmen Obtain Their Supplies and Some Canvassing is Being Done

RUSHVILLE TOWNSHIP READY

District Captains Named and Assistant Captain Will be Assigned to Each Block in City

The Red Cross Roll Call drive was under way in every township in the county today.

All the township chairmen had obtained their supplies today and S. L. Trabue, who has been appointed Rushville township chairman, and Harrie Jones, assistant chairman, held a meeting this afternoon to arrange for the distribution of supplies and get the township organization in running order.

Practically the same district captains as acted in Rushville township during the last annual Roll Call have been appointed for the campaign this year, and with few exceptions they will call on the same assistants because they are familiar with the work and know the territory which they canvassed last year. One assistant captain will be assigned to each block in Rushville so that the solicitation will be comparatively easy for each one.

Canvassers are not expected to meet with any difficulty in renewing memberships because people generally have come to understand the necessity of the Red Cross as a peace time organization. The annual dues of \$1 are so small that few if any will hesitate on that account.

Rush county is anxious to maintain its record for having the highest per capita membership in Indiana and the officers of the county chapter are hopeful of achieving this end.

The Rushville township district captains are as follows:

PLAN TO CURTAIL FUEL PRESENTED

Methods to Cut Down Consumption by Public Utilities Announced by State Commission

USERS OF COAL MEET TODAY

Recommended Current For Display And Window Lighting be Discontinued at Once

(By United Press.)

Indianapolis, Ind., Nov. 4.—Detailed plans for the curtailment of the use of coal by public utilities in Indiana were presented by the public service commission to representatives of coal-burning utilities who met at the state house this afternoon.

Members of the commission made it plain that they could not order their plans carried out but they indicated that they were confident of an agreement whereby they will be carried out.

The immediate plan for the curtailment of the consumption of coal as sent out by the commission is as follows:

Effective at once. Electric current used in signs display and window lighting shall be discontinued.

Electric current for street lighting shall be discontinued except on moonless or cloudy nights.

Traction companies shall curtail services to a point where only the necessities of the community service will be taken care of.

Hot water heating companies shall furnish such quantities of water and at such temperature that heretofore was adopted. The standard for heating buildings shall be lowered 10 degrees.

Water supply fountains and other displays shall be discontinued.

The plans of the commission also include the immediate formation of a utility fuel committee to handle all matters pertaining to fuel from the public utility standpoint.

A. L. Gary, who was operated on at Sexton's hospital three weeks ago was removed to his home in North Harrison street yesterday.

Harry Baker who underwent a serious operation at Sexton's hospital yesterday morning for gall stones and appendicitis is reported to be getting along as well as could be expected.

GRAND JURY WAS TO REPORT LATE TODAY

People From Rushville, Carthage and Arlington Witnesses Before Investigators

LAST SESSION FOR THE TERM

The grand jury which held a session today was expected to report late this afternoon. Many people were summoned before them today and the time was spent in a very busy way. Besides many Rushville people, there were several from Arlington and Carthage summoned. This session will probably be the last for the present term of court, as the November term will convene November 17.

In circuit court nothing was going on today. Judge Sparks has sustained the demurrers in the case of Smith vs the Pennsylvania, Lake Erie and the director general of railroads. A few days ago the demurrers of the defendants each were heard, and in each case they were sustained. The case is for \$15,000 damages and was brought by Nelson Smith, for alleged damages which he sustained when a pick handle broke while he engaged in removing cross-ties from a transfer switch operated by the two railroads.

COUNCIL MAY PASS A LIGHTLESS ORDER

Question of Conserving Fuel Supply Likely to be Taken up at Meeting Tonight

LIGHTLESS NIGHTS RECALLED

Such a Step Now Regarded as Advisable as Plant Has Only Three Weeks Coal Supply

It is expected that action will be taken tonight at the regular meeting of the city council, to safeguard against a shutdown at the water and light plant, by issuing orders for lightless nights, during the strike of the coal miners.

While the city plant has a supply of coal on hand that may last three weeks, this supply can be extended for a longer period by careful conservation of the fuel at the plant. Many cities will pass resolutions whereby the street lights will not be turned on, and in this way help to save on the fuel consumption.

During the fuel shortage a year ago last winter lightless nights were common in many places, and even here it was necessary to curtail the use of electricity. One of the councilmen yesterday remarked that it would be a great deal better to have a little electricity for a longer time, than to be entirely out at the end of three weeks.

It is thought very likely that at the meeting tonight some kind of action will be taken to prevent people from using all of the electricity that they want. It has been pointed out that if the city should run entirely out of coal, the danger of a conflagration would also face the city, as there would be no power to give pressure to the city water. The only means to be relied upon in that case would be the chemicals and fire engine which could be attached to cisterns along the streets.

Whether action is taken by the council at this meeting or not, it would be a good thing for users of electricity to use current sparingly, as it is remarkable how much difference can be noted at the plant, when many lights are "pulling" on the juice.

Residence street lights are not lighted now because of the moonlight and only the top light of the cluster lights burn.

DISTRICT SCHOOL MEETING HERE DEC. 4

County Superintendents, Attendance Officers, Agricultural Agents and Trustees Called

STATE BOARD TO BE IN CHARGE

A meeting of the county superintendents of schools, the township trustees, county attendance officers and the county agricultural agents of the sixth congressional district will be held here Thursday, December 4, under the auspices of the state department of public instruction, it was announced today by County Superintendent C. M. George. The forthcoming conference was discussed yesterday afternoon at the regular monthly meeting of the county board of education.

The district meetings were arranged to follow the state conference which was held Wednesday last week in Indianapolis preceding the annual meeting of the Indiana State Teachers association. The subject of the conference will be "Rural Education" and two or three members of the state department of public instruction will be present to discuss the question. Other speakers may also take part in the program. The meeting will be held in the court house assembly room.

FINAL DAY SETS RECORD

Tuition and Special School Fund Levies Are Both Increased

Both the tuition fund levy and the special school tax levy in Posey township have been increased by the state board of tax commissioners, according to word received here today at the county auditor's office. The tuition tax was raised from nine to fourteen cents and the special school tax levy from thirteen to eighteen cents.

Tuition fund levies have been raised in over half of the townships in the county, and there is little doubt but that they will be increased in every township over the amount fixed by the state board. The principal complaint about the rates made by the commissioners was due to the cut in the tuition tax.

CALIFORNIA MAN TO SPEAK TONIGHT

Dr. C. H. Fowler Makes Deep Impression on Audience at M. E. District Conference Today

PERSUADED TO TALK AGAIN

Dr. G. W. Anderson Fails to Arrive For Monday Night Address But Speaks This Afternoon

Dr. C. H. Fowler of southern California addressed the M. E. evangelistic conference here this morning, and made such an impression on the audience that he was requested to remain over and deliver an address at the church tonight, in order that the public could hear him. The meeting tonight was arranged on short notice but is expected to be well advertised, and a big crowd will no doubt be on hand to hear him. It will commence at 7:30 o'clock, and following his address the first quarterly business session of the local church will be held.

The M. E. conference is well attended and the meeting this afternoon was to conclude the program as far as business was concerned. The meeting this morning was addressed by the California minister.

Last night, Dr. George Wood Anderson of Wilkesbarre, Pa., was unable to be present, but arrived this morning. His place was filled last night by Dr. F. W. Heckleman of Japan, and his message was one which was highly appreciated by the audience.

Dr. Heckleman, who has spent fourteen years in Methodist work in Japan, is now in this country on a furlough. In his address last night he spoke with authority about the Japanese country, and also discussed the Shantung question, which has been the subject of much discussion in relation to the peace treaty.

Dr. Anderson, who arrived this morning, spoke this afternoon at three o'clock, and his address was considered by the delegates as most profitable and was a fitting climax for the conference.

All of the delegates and ministers from the Connersville district who attended the meetings here, were served last night and at noon today with a dinner in the church by the ladies of the church. Practically every church was represented.

Dr. J. M. Walker, district superintendent, presided at the meetings, and this afternoon addressed the pupils of the high school, at the Graham building.

ANOTHER MEETING WEDNESDAY NIGHT

Armistice Day Committees Will be Called Together Again to Discuss Plans For Day.

WAR MOTHERS MEET TONIGHT.

Will Consider Proposal to Appear in Service Flag Parade—Lt. Joe Hitt to be Invited

Not enough members of the committees appointed to arrange for the celebration of Armistice Day one week from today, were at the meeting last night to make any progress with the plans and another meeting has been called for Wednesday night at eight o'clock at the same place—the assembly room of the court house.

Speakers have already been obtained, but this is the only definite thing which has been done. The finance committee had not canvassed the city yesterday for money to finance the celebration. The committee had not canvassed the city yesterday for money to finance the celebration.

One thing is certain—the public schools will not be dismissed for the day because the township trustees, at their monthly meeting here yesterday afternoon, decided that such a course would not be advisable since they are given permission by law to dismiss the schools only for an educational meeting. School children of the county lost a day last week on account of the Indiana State Teachers association meeting and the nine trustees who were at the meeting yesterday argued that they should not lose another day next week.

The War Mothers have called a special meeting for tonight to discuss the proposal that they ride in the service flag parade scheduled for two o'clock in the afternoon, the day of the celebration. It is expected that they will be able to estimate, after the meeting, the number of war mothers who will take part. Arrangements are to be made to provide automobiles for the War Mothers.

Efforts were being made today to get in communication with Lieut. Joe Hitt, son of Mr. and Mrs. William Hitt, who has been transferred to the Speedway, Indianapolis, in an effort to induce him to fly to Rushville Armistice Day. It was

LOCK MAIL POUCH SERVICE RESTORED

Mail For Points West May Now be Left at the Postoffice Up Until 8 O'clock at Night

LAST MAIL FORMERLY AT 7

A lock mail pouch for Indianapolis was put on the 11:20 westbound C. I. & W. train last night so that from now on it is possible to leave mail at the postoffice up until eight o'clock and it will go west the same night. Previous to last night, since the new time table went into effect, westbound mail had to be in the postoffice by seven o'clock to go west the same night because the last mail train left at 7:33.

Local postal clerk that mail be left at the postoffice by seven o'clock so that it can make the 7:33 whenever possible because the lock pouch service is not very satisfactory. The mail frequently misses connections, they say.

Postmaster Hunt has been endeavoring to get the lock pouch service since the schedule was changed. Connersville also has been making a fight for it because the last westbound mail left there at 7:04 p. m.

HESSIAN FLY IS FOUND IN WHAT

Appears Even in Fields Sowed After
Sept. 20. After Which Date Sow-
ing Was Regarded Safe

FLY HAS FOUR STAGES

Fields Sowed Early Which are Badly
Infected May Have to be Re-
Planted Next Spring

Many of the wheat fields of Rush
county are badly damaged by the
Hessian fly this year, according to
reports which have been received.
The increase in the abundance of
Hessian fly has been noted by ento-
mologists and the members of the
state extension staff and a warning
was given early in the fall.

As the result the wheat was
planted much later this year than
usual but still many fields were too
early to escape the fly. It was re-
garded fairly safe to sow wheat af-
ter the 26th of September but it is
found many fields sowed after that
date that are badly affected.

The majority of those sowed be-
fore are looking worse every day
and will probably have to be planted
to another crop next spring. The
fly seems to come and go in waves.

Those who are studying the work
of these insects claim that they
multiply in numbers for a few years
when farmers begin late sowing of
wheat, and a parasite that works on
them becomes abundant and reduces
the number to the minimum.

Early sowing is again practiced
and the trouble again appears. The
fly has four stages: the egg, the
larva, the pupa or resting stage, and
the adult or fly stage. The fly has
is now in the wheat will live over
winter in the half grown larva stage
or the pupa stage and develop into
the winged fly in the spring. In this
stage they may fly long distances
and lay eggs on other fields of wheat
next spring. For this reason fields
that are not affected this fall may be
seriously injured next year.

Farmers could be persua-
ded not to sow a grain of wheat until
the first of October next year the fly
could be reduced to a negligible
quantity for there would be no
place for them to breed except in
volunteer wheat.

TWO CONSTABLES APPOINTED

The county commissioners yester-
day afternoon granted permission to
the National Highway Marker as-
sociation of Indiana to place mark-
ers on the highways of Rush county.
It is understood that the association
will mark the main highways leading
to and from large centers of popula-
tion.

Theodore F. Holden and J. M.

Sparklers for the parade at night
have been ordered, but no music
will be engaged by the committee un-
til the finance committee canvasses
the city.

The service flag parade in the af-
ternoon is expected to be one of the
attractive features of the day. The
township chairmen appointed a week
ago have been asked in letters sent
to them to invite specially all the or-
ganizations in their townships hav-
ing service flags to arrange to dis-
play them in the parade.

The township chairmen also have
been asked to extend an invitation
to all families having war relics to
place them in the township displays
which will be made in the show win-
dows of downtown business houses.
The business district has been divid-
ed for the exhibit by townships.

"OUCH! THAT OLD RHEUMATISM!"

Just get out that bottle of Sloan's Liniment and "knock it galley-west!"

WEREN'T prepared for that quick switch in temperature, were you? Left you stiff, aching, full of rheumatic twinges? You should have had a bottle of Sloan's Liniment handy—that would have soon eased up the muscles, quieted the jumpy, painful, aching part—penetrated without rubbing, bringing gratifying relief.

Helpful in all attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your druggist's. 35c., 70c., \$1.40.

"Flu Oil" Gets the "Flu" or Spanish Influenza

Rub the chest and throat freely and apply hot cloths (flannel is the best). Take 10 to 15 drops on the tongue every hour or so; if the head is aching or nostrils are stopped up, apply it to the inside of the nostrils with the little finger, or better still by using an atomizer, taking long breaths to draw the fumes of the oil up into the head and throat. Open the bowels freely with a good laxative. You will find "Wolcott's Little Wonder Workers" the best, as they act on the liver and do not leave the bowels constipated.

"Flu-Oil" gets the Grip and Bad Colds. Use the same as for "Flu."

"Flu-Oil" gets that Bad Cough.—You will find it one of the most efficient remedies you ever used for this purpose. Take 10 or 15 drops on the tongue every two or three hours, or as often as is necessary to control the cough. Children's dose in proportion to age. Keep the bowels open with "Wolcott's Wonder Worker" pills or some other good laxative.

"Flu-Oil" gets the Croup.—Rub the "Flu-Oil" over the throat and chest, then apply a hot compress made with a wash rag or soft cloth wrung out of hot water to the throat and cover up well with a dry cloth. Change the hot compress in 5 or 10 minutes if not thoroughly relieved. To prevent croup at night, apply freely to throat and chest and cover with a hot flannel cloth.

MUNCIE FAKE FIGHT CASE STARTS TODAY

Defendants Charged With Conspiracy to Use Mails to Defraud Lined up Before Judge

SLACK'S OPENING STATEMENT

(By United Press.) Indianapolis, Ind., Nov. 4.—The wheels of justice started their deliberate grind in the Muncie fake fight swindle case today.

Defendants were lined up before Federal Judge A. B. Anderson, charged in the grand jury indictments with using the mails in a scheme to defraud and with conspiracy to do so.

Among them were Mayor Rolin H. Bunch of Muncie and Horace G. Murphy, prosecuting attorney of Delaware county. These two were charged with receiving "protection money" from the gang which is said to have operated within their jurisdiction.

On opening the case for the government, H. Est. Slack, United States district attorney, charged that the gang divided its spoils upon a set percentage basis, ten percent going to Chas. J. Shallen, hotel owner at Muncie, for "protection" purposes.

The gang, according to Slack, pocketed its earnings out of a total sum estimated at from \$250,000 to \$500,000. The average haul of \$10,000 was taken from each victim.

A General Strike

A conference of labor chiefs to effect an alliance with Canadian unions to fight out the life and death struggle of the workers now in progress, has been called by Sam Gompers, and it will undoubtedly be a life and death struggle—one in which labor will be lost if it wins and will be saved if it loses. A general strike will hurt the laboring man as much if not more than it will any other class of citizens and if a general strike is called it will be the laboring man's government which will be overthrown as well as the government of every other individual.

This thought should give pause to the true American laboring man who believes in our institutions and ideals. He should ponder over the question, and if he does, he will reason that if the institutions upon which the prosperity of this nation has been built for a century, are to go down he will suffer equally with his neighbor.

It is probably hopeless to bring sanity to the minds of the ignorant foreign element that is so prominent in the coal strike and that will be evident in other strikes if they come. They get their inspirations from Europe and are steeped in the teachings that have brought chaos to Russia and are seeking to wreck other countries of the Old World. But what of the native Americans who seem about to throw themselves head long into this plot against society? Many of their sons and brothers gave their lives that American independence might live. Are they now to imperil not only their own lives but the lives of others to secure the destruction of that independence?

A general strike would be, in the last analysis, a fight for the closed shop, to deny to a man the right to work except under conditions imposed by an organization unrelated to him or his prospective employer. An attempt to ring from the public compliance with such a principle by imposing suffering and death upon the people is neither moral, humane, nor American. It is as criminal a proceeding as the act of the highwayman who holds up his victim at the point of a pistol and demands money. Intelligent members of labor organizations owe it to themselves to pause and soberly consider what they are about to do.

Proves Yellow Mustard Conquers Pain and Frees the World of Much Sickness, Misery and Distress

Nineteen years ago chemist Berg discovered Mustardine. He made it with real, honest yellow mustard. To which other pain relieving ingredients were added. He said to the medical profession: "Here is something twice as effective as your old fashioned, mussy, blistering mustard plaster."
 "It's full of concentrated heat and heat eases pain."
 "It won't blister—it can't blister."
 And one box will do the work of 50 mustard plasters.
 The doctors tried it—were astonished—almost amazed. It stopped pains, aches and soreness quicker than anything they had ever seen.
 They prescribed it for sprains and strains; for lumbago and gout. They found it invaluable to quickly reduce inflammation and remove congestion.
 They urge its use in Tonsillitis, Bronchitis, Pleurisy, Sore Throat and Chest Colds and found it wonderful.
 They grew enthusiastic. Mustardine was great.
 They tried it for rheumatism to limber up stiff joints and muscles and it didn't disappoint.
 If you haven't tried Berg's Mustardine get a small box at your drug store today—it costs but little, the results are marvelous—but be sure it's Berg's—the quickest pain killer on earth—always in the yellow box, 30 and 60 cents.

Progress consists in doing old things a better way.

Health is the result of what you eat and what you think.

Being kind and doing useful work is all the religion the world needs.

About the only virtuous extravagance is an extravagance in the use of fresh air.

There is enough to do now without troubling about what has been or what will be.

Talk it Over—And Talk Again.

When two neighbors enter into a dispute there are usually two sides to the question at issue, with merit on both.

If each is willing to talk it over dispassionately it is not difficult to effect an amicable adjustment. But if one or both are stubborn, they come to blows, one gets licked and the other is punished by the courts or his conscience.

Talking it over is a good thing. It is a jewel to be fostered and encouraged among our people. It brings to light the good and the weak points of both sides incalculates an element of self restraint into turbulent dispositions and preserves that spirit of unity which supplies the sunshine of our community life.

Talk it over by all means—and if at first your talk does not succeed, talk again.

The toughest slam yet at a returned soldier was when a Chicago woman, answering a divorce suit, couldn't remember whether or not he had kissed her.

In large cities scrub women are receiving \$3 and \$4 a day. Ministers and college professors receive nearly as much.

The war, they tell us, is responsible for the decrease in the birth rate. But now that the war is over we have hopes.

"When should a girl kiss?" inquires a demure damsel. That depends upon the nature of the animal and the mood, we imagine.

Dorothy Gish at Princess

Dorothy Gish is at the Princess today in "Turning the Tables," a picture full of action and vim. "Bray Pictograph," which deals with interesting subjects, is also on the

stage. Tomorrow this stage Kennedy appears tomorrow in "The Kingdom of Heaven" and Father News will be shown.

A big double program is announced for Thursday and Friday with Billie Burke in "The Misleading Widow" and Fatty Arbuckle in "Back Stage." "The Misleading Widow," a Paramount-Artcraft production, is said to be one of the most delightful screen romances ever produced.

Miss Burke has the role of Betty Taradine, who was married and later deserted by her husband on account of her extravagance, and lives in a big house in a little New England village. Colonel Preedy, a wounded army officer, is convalescing at the Taradine house. Betty is besieged by creditors, and short of funds, announces that her husband has died in South Africa, so that she can collect his life insurance. Complications occur when Captain Rymill, the Colonel's aide and friend, arrives and proves to be none other than the "dead" husband. How matters are finally adjusted forms the climax of the story, which is ideally suited to the whimsical art of Miss Burke.

Prominent in the supporting cast is the well-known young actor, James L. Crane. Others are Frank Mills, Madeline Clare, Fred Hearn, Frederick Esmelton and Dorothy Waters.

Big Feature at Mystic

The production of "The Eyes of the World" at the Mystic theatre today and tomorrow will take on special authority by reason of the fact that Harold Bell Wright, the author of the book which has broken all records as "best sellers," with a sale of over one million copies, had an active personal hand in the work of interpreting his characters for the screen. To do this Mr. Wright gave up all his literary activities. Such a co-ordination of famous writer, producer and studio working force never having been known since motion pictures evolved, from the novelty period to the undertaking of cinema features of many reels and at the same time that is put into the preparation of the greatest spectacles of the theatre.

"The Eyes of the World" is a story of California. For the film production the author has added a prologue which goes back to Boston a generation before the opening scenes of the book and shows the origin of his characters. This is said to greatly increase interest in the people of the story.

Readers of the book will recall many scenes in the mountains that ought to provide great material for a thrilling and scenic photoplay. There is, for instance, the furious hand-to-hand combat of Rutledge and the King, the rival lovers, on the precipitous cliff. As in the book, this is the major climax of the film production, and great things are promised in the way of thrills when this is shown on the screen.

Heifetz at Murat

The young violinist, Jascha Heifetz, will be heard in recital at the Murat theatre in Indianapolis on Sunday afternoon, November 9, this being the first of the three notable concerts arranged for November under the direction of the Ona B. Talbot Fine Arts Association, the others being Mme. Schumann-Heink on Sunday afternoon November 23, and Joseph Hoffman, pianist, on Sunday afternoon, November 30.

Heifetz has shattered all records set by instrumentalists in America. During his first season in New York alone he gave eighteen concerts, which, from point of attendance as well as for remarkable playing, have never been approached by any performer in the city's history. The same is true in whatever city he appeared; thousands have flocked to hear his playing, crowding the halls to overflowing time after time. His recitals, particularly in the larger cities, are the scenes of enthusiasm and excitement. When he played in Indianapolis last spring the audience was wild with enthusiasm. The hundreds who were thrilled by his playing then, and the many who were not so fortunate, are eager to hear him, and all indications are that the S. R. O. sign will be in evidence when he plays at the Murat theatre.

The teacher was illustrating by object lessons, as she invariably did when teaching arithmetic. It was a country school, and the youngsters were in the main of tender age. She opened her luncheon kit, and put two hard boiled eggs on the desk and said:

"How many eggs are there?" One of the older boys whispered to a youngster: "Two ones is all the same as eleven." The smaller boy piped up:

"They's eleven eggs."

"Oh, no, no," said the teacher. "There are only two. But, how many would there be if I laid another egg on the desk—?"

"I bet you a dime you can't do it," came a voice from the back of the room.

A Cheerful Recommendation

"They should be in every traveling man's grip," writes Geo. Jenner, 416 Labor St., San Antonio, Tex., of Foley Cathartic Tablets. "They are the best-laxative I have taken, and I cheerfully recommend them to anyone suffering with constipation or biliousness." They thoroughly cleanse the bowels, sweeten the stomach and benefit the liver. They correct indigestion, bad breath, bloating, gas, coated tongue and other results of sluggish bowels. No griping, no nausea. F. B. Johnson. (Adv.)

Elastica Floor Finish
 (Finishing New Floors)

Floors now play such an important part in the general decorative effect of any room and are subjected to such severe conditions of wear, that too much care cannot be exercised in their finishing. The directions given for the treatment of floors are based on practical experience and assure most satisfactory results.

Woods used for new floors are classified under two groups—first, open grain woods, comprising the different kinds of oak; and second, close grain woods, such as maple, birch, cherry and hard pine. Each group requires slightly different treatment.

If, after the floors have been laid and smoothed, they should become soiled in spots, moisten the spots with turpentine and then sandpaper; or, more effective still, use steel wool dipped in turpentine. Floors must be thoroughly dry and free from grease and dirt before the finish is applied. Washing with water will raise the grain of the wood. When this is done, the floors should be sandpapered smooth and well dusted before proceeding with the finishing materials.

Do not apply ELASTICA floor finish over shellacs, liquid fillers or patent first coats.

Little Giants and Old Gold About

dent of Winning.

Indianapolis, Ind., Nov. 4—Foot-
ball fans of Indiana are focusing at-
tention on the Wabash-DePauw
game to be played here, Saturday,
November 8, at Washington Park.
Bitter rivals for more than a quar-
ter of a century, never beaten until
the last whistle, the two institutions
this year lay claims to having the
best teams in recent years and
alumni throughout the Middle West
are planning to make their annual
pilgrimages to witness a game that
will last long in football annals.

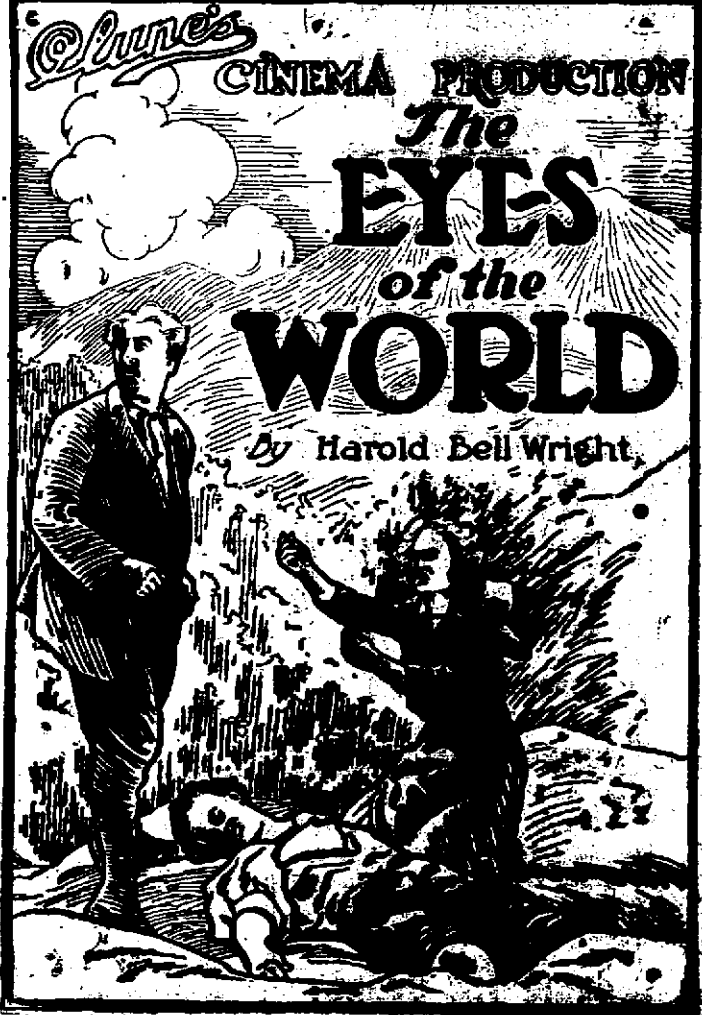

Wabash, the home of the Little
Giants, has concentrated on this
game, because in traditions of this
college an athletic season is a suc-
cess if DePauw is beaten. The Old
Gold is equally eager to win. It is
his spirit that insures a contest
long to be remembered.

Student bodies of the two schools
will come to Indianapolis on special
trains, accompanied by bands and
many townspeople from Crawfords-
ville and Greencastle. Merchants
here will decorate their stores for the
occasion and it will be a gala day
for the city. Street parades, fol-
lowing the arrival of students will
circle the business district.

Confident in the wealth of seasoned
veterans of past campaigns, and
strengthened by new men who,
in many instances, have crowded
regulars out of places, each team is
hoping to run up a decisive score.
Coach Buss, of DePauw, has said he

Vaughan, head coach, and J. R.

bash, believe the squad that will
journey to Indianapolis to do battle

tation that Wabash has had in many
years.

The only direct hope on the teams
this year was obtained in the game
with Butler. Wabash, tackling the
Christians early in the season, ran
up a 67 to 0 count using many sub-
stitutions. A few weeks later, De-
Pauw also using several second

the Old Gold team believe they have
a slight edge on the Wabash outfit,
but Little Giant enthusiasts are whol-
ly confident that Wabash will be a
decisive victory.

FORBIDS THE EXPORT OF DRUG SALVARSON
German Act Has Led to a Smuggling Business of Unprecedented Proportions
WORLD EAGER FOR THE DRUG
(By United Press.)
Berlin (By Mail).—While the outside world clamors for the German drug, salvarsan, the nation has forbidden its export. This has led to a smuggling business of unprecedented proportions and to the manufacture of fake salvarsan to put into the export business.
The smuggling of this drug is a lucrative business. It can be bought cheaply in Germany, and can be sold for 50 to 100 times that figure, in the outside world.
An instance of the extent of this smuggling was recently offered in the case of an American woman, married to a German if he could put her in touch with an American officer or soldier who would take out a package of the drug for her.
"I'd be willing to pay him well," she said.
"I'm sure you can't bribe an American officer or soldier," replied the correspondent.
"Well, I don't know, maybe I'm dead morally, but I'm so desperate that I'd do almost anything, and if I could only smuggle out this one box I'd have enough money to go back to America," she replied. "I'm an American even if I am married to a German and have lived in this terrible country a long time. And you can just bet that I'm going back home."

DON'T DISREGARD A COLD
The influenza and pneumonia that swept the country a year ago were preceded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time, and will also stop a cough of long standing. It promptly gives relief, soothes and heals. Mrs. Geneva Robinson, 88 N. Swan St., Albany, N. Y., writes: "Foley's Honey and Tar is the best cough medicine I ever used. Two bottles broke a most stubborn lingering cough." It loosens phlegm and mucus, clears air passages, eases hoarseness, stops tickling throat. F. B. Johnson. — (Adv.)

Catarrh Specialist
Coming to Rushville

WILL GIVE FREE EX-
AMINATION AND ADVICE

Medical Director of Indiana Ca-
tarrh Institute to Give Talk on
Catarrh and Tuberculosis.

Chronic catarrh of the nose,
throat and lungs is so prevalent and
so often the forerunner of fatal
diseases like tuberculosis, influenza,
asthma, hay fever and others that
the Indiana Catarrh Institute, per-
manently located at 1436 North Illi-
nois street, Indianapolis, Ind., is
sending their medical director to a
few points in Indiana to examine
and advise sufferers from this dis-
ease on how to prevent or cure it.

His examination, consultation and
advice is free. He invites everyone
who is afflicted with chronic catarrh
of the nose, throat or lungs, chronic
cough and bronchitis, dropping mu-
cus in the throat, pains in the chest,
shortness of breath, clogged up head
and nostrils, head noise, catarrhal
deafness, hawking and spitting, or
any chronic catarrhal conditions, to
be examined and get his advice with-
out charge or obligation. He will be
glad to talk with you, giving you the
benefit of his skill and experience
freely.

Beware of tuberculosis and other
fatal conditions by taking treatment
in time.

The specialist will be at the Hotel
Scanlan, Wednesday, Nov. 5th, from
9 a. m. to 8 p. m., one day only, and
will examine all who call to see him.
For further information either call
a person or write the Indiana Ca-

EVERY OHIO CITY
VOTES ON MAYOR

Today's Election is Primarily for
Election of City, Village and
Township Officials.

THREE REFERENDUM BALLOTS

Even if Wets Should Win Against
Ratification Resolution it Would
Not Mean Anything

Columbus, Ohio, Nov. 4—Today's
election in Ohio is primarily for the
election of city, village and town-
ship officials and for other matters
of purely local nature.

Every city in the state has a may-
orality election. In addition various
other city officials are to be elected.
Bond issues, city, county and school
will appear on local ballots.

Three state referendum ballots will
be voted on. These three ballots
contain five measures, as follows:

1. Referendum on Crabbe bill pro-
viding for the enforcement of state-
wide prohibition in Ohio. (Initiated
by wet interests).

2. Referendum on joint resolution
of Ohio legislature ratifying the fed-
eral prohibition amendment. (Wet
proposal.)

3. Referendum on proposed
amendment to the state constitution
defining beverages containing 2.75
percent alcohol as non-intoxicating.
(Wet proposal).

4. Referendum on proposed
amendment to the state constitution
repealing statewide prohibition, re-
storing the license system and de-
fining beverages containing 2.75
per cent alcohol as non-intoxicating.
(Also wet).

5. Proposed amendment to the
state constitution providing for the
classification of property for the
purpose of taxation.

Even if the wets should win and
cast a majority against the ratifica-
tion resolution it would not neces-
sarily mean anything, as Ohio's vote
is unnecessary to sustain ratifica-
tion. The wets hope for a moral
victory and evidently believe other
states would follow Ohio's lead
should the wets be successful here.

The Crabbe measure, adopted by
the legislature after an extended
squabble, provides penalties for vio-
lation of the state prohibition
amendment. Drys claim it is abso-
lutely necessary. Wets claim it is
more drastic than the general public
wants.

The proposed classification
amendment, in brief, provides for
classification of property with uni-
form taxes on various classes. Ad-
ministration of the amendment ap-
parently depends upon laws which
would be enacted following its adop-
tion.

The Ohio grange is leading the
fight against classification, maintain-
ing it would increase the tax on land
and decrease the tax on stocks,
bonds, etc. Workers for the amend-
ment claim it provides a more equi-
table and just basis for taxation
than the system now prevailing.

Hess
Witch Hazel Cream

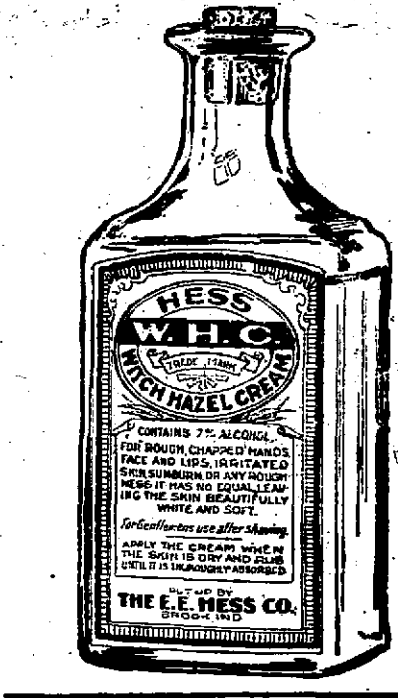

THIS PURE, soothing, healing,
antiseptic cream has been used for
18 years in thousands of homes to
protect and soothe and soften the
skin.

It has no equal for preventing or
relieving chapped hands and lips,
rough, tender skin, or any other ir-
ritations that result from exposure
to wind and cold. Men find it very
soothing when used after shaving.
Women use it to keep their com-
plexions soft and clear, and to pro-
tect their hands and arms from the roughening
effects of housework, especially dish-washing.

No Home Should be Without It

Buy a bottle of HESS Witch Hazel Cream to-
day. If it does not fully please you, return bot-
tle to your dealer and get your money back.
Only 35 cents for a big bottle that will serve
your needs for many weeks. Your druggist has
it or can immediately get it from his jobber.
Ask for it by its full name—HESS Witch Hazel
Cream. Substitutes are disappointing!

HOPE TO CLOSE THE SESSION ON NOV. 10

House Leaders Wish to Complete Budget Measure, Railroad Bill and Oil Leasing Bill

BUDGET MEASURE IMPORTANT

Believed Public Will Estimate Session in Which There Has Been Much Accomplishment

Washington, Nov. 4.—It is the hope of Representative Mondell and other leaders in the house to bring the present special session of that body to an end, either by recess or adjournment, on November 10, after having adopted such of the im-

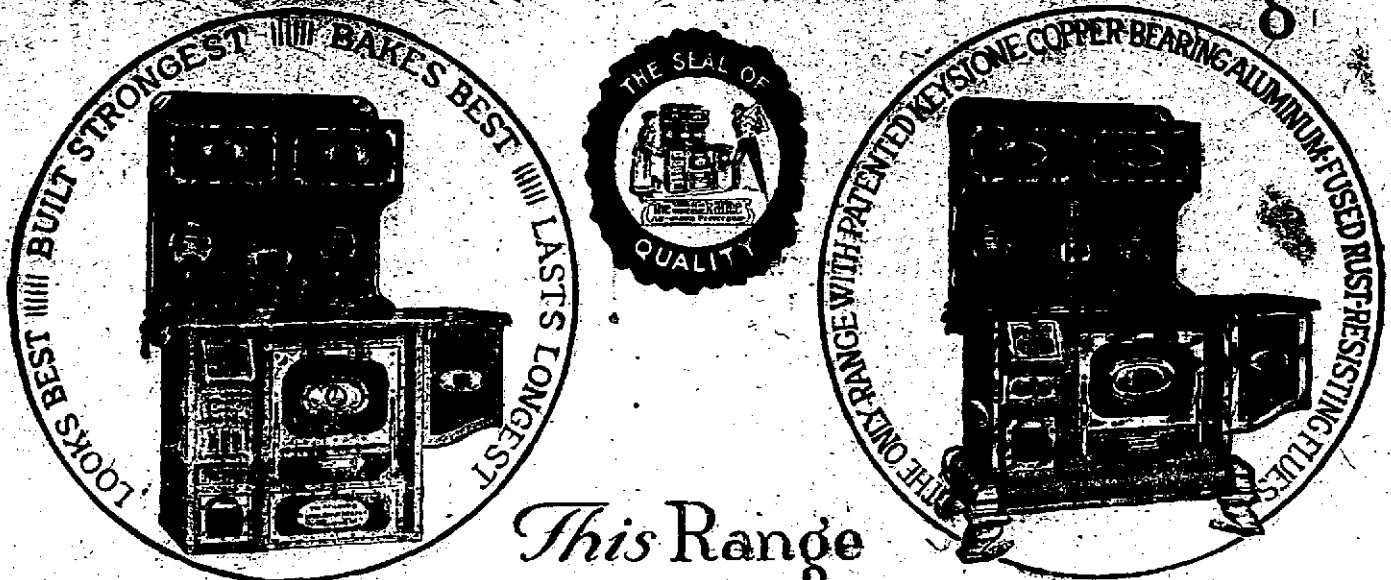

portant legislative measures as will have been completed by the committee by that date. Mr. Mondell said today that he hopes this list will include not only the budget measure, which is now receiving final consideration on the floor of the House, but also the railroad bill, the oil leasing bill, a measure outlining a future merchant marine policy of the Government and providing for the sale of the present government-owned fleet of cargo vessels, and a measure permanently fixing the peace-time strength of the Army and its form of organization.

The budget measure is looked upon as one of the notable achievements of the present Congress. Although this legislation was one of the promised reforms contained in the Democratic national platform of 1916, the Democratic leaders in Congress failed, during the several sessions that they were in the majority, to bring about its enactment. Shortly after the Republicans gained control of Congress, special committees were appointed both in the Senate and House for the formulation of budget legislation, and after exhaustive hearings, during which many eminent public men contributed their advice the budget committee of the House brought forth a measure which has met with popular approval, and which was speedily brought up for passage in the House under a special rule giving it precedence over other legislation. It is believed that the adoption of a budget system in the government's fiscal affairs will result in an annual saving of many millions of dollars, and have an appreciable effect in reducing taxation.

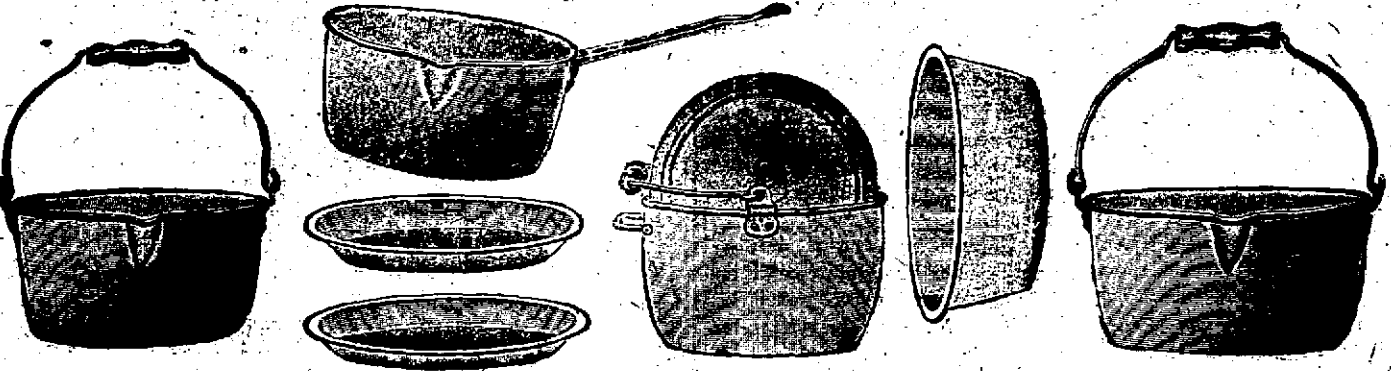

The proposed legislation fixing the peace strength of the Army, and outlining the permanent bureau formation of the War Department, which Mr. Mondell hopes to have enacted before adjournment, will not be a complete reorganization measure, but will be sufficiently comprehensive to permit the War Department to make its plans for the future, and to inform the public as to the size of the Army which will constitute the permanent military forces of the country. General Pershing will shortly appear before the House Committee on Military Affairs and give his views as to the Administration's plans for a standing army of half a million men, which has not met with favor in the hearings heretofore held, and following his appearance, it is believed that the partial reorganization plan will be presented to the House.

The oil leasing bill, which has already passed the Senate, has been ordered favorably reported by the House Committee on Public Lands and will soon be ready for consideration on the floor. Hearings have

INDIGESTION Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach. There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food repeating, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year. The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this. One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pains in my bowels disappeared. EATONIC is just the remedy I needed." We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise. Your druggist has EATONIC. Get a big 50c box from him today. He will refund your money if you are not satisfied.

not yet been held on Chairman Greene's merchant marine measure, but since this measure, recently introduced, is based upon testimony taken at recent general hearings, it is believed that the Committee will soon take final action upon it. This measure will complete the program which the Republican leader, Mr. Mondell, hopes to have enacted by the present special session by November 10, and together with the long list of important measures already enacted, including the measures affecting the high cost of living, it is believed the session will be estimated by the public as one in which there has been much genuine accomplishment and reform.

INDIANA APPLE SHOW GETS A GOOD START

9th Annual Session Will Show the Superiority of Apples Grown in This State

FOOD VALUE ALSO SHOWN

Indianapolis, Nov. 4.—The Ninth Annual Indiana Apple Show which began today and which will continue throughout the next four days, was said to be one of the largest and most successful ever held in the state. The main object of the show will be to bring home the full value of apples as a foodstuff, and to demonstrate the superior quality of fruit produced in Indiana. Recipes, telling how to prepare many delicious dishes, will be given out to all persons attending.

Women from the home economics department of Purdue university, LaFayette, are here conducting the demonstrations, and will remain until the show closes.

The show is being staged in Tomlinson hall.

TUITION TAX LEVY RAISED

Rushville School Board Allowed 5 Cents More by Tax Board

The Rushville city school board has been granted an increase of five cents in its tuition tax levy by the state tax board. Members of the local board appeared before the commissioners and showed them that the schools could not run more than eight months with a levy of 25 cents, to which the rate was cut. It was raised to 30 cents, but the special fund levy was left at 25 cents. The school board asked for 30 cents on the special school fund also. The bond tax levy was cut by the state board from nine to eight cents.

DISCARD JOKE ABOUT THE HORSE MARINES

Nearly Every Marine is Able to Perform the Duties of a Cavalryman When Demanded

PRIZES ARE WON IN RODEO

Washington, Nov. 4.—The old joke about horse Marines has gone into the discard along with the memory of Captian Jinks.

Nearly every Marine is able to perform the duties of a cavalryman when the occasion demands, and mounted detachments of Marines are now on duty in Haiti, China and elsewhere. The sea soldiers do some plain and fancy riding at their school of equitation, conducted by perform the duties of a cavalryman the Marine Corps at Quantico, near here, and students are given a course of lectures on horsemanship.

As a demonstration of their skill horse Marines competed in the rodeo, held recently at San Francisco, and carried off several prizes.

Don't Burn Good Fuel in a Poor Stove. TAKE PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment, if your food does you no good, if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPSINCO.

Ask your druggist—he will recommend Pepsinco.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling-Expense

In spite of all the doctors, and cures, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacies to all hay fever sufferers who will have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

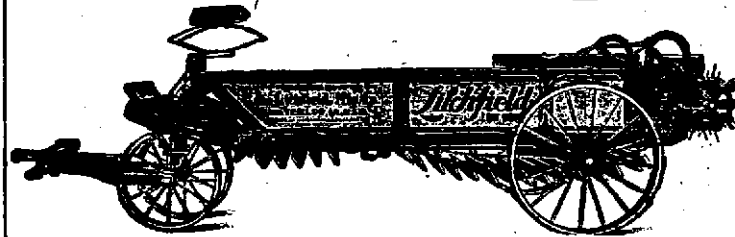

most nothing. Get a one-ounce bottle of Mentholized Arctins at any drug store, pour the contents into a glass bottle and fill the rest with water that has been boiled.

Then gargle as directed and swallow daily snuff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

The Bull Dog

Cylinder

This is another Litchfield creation which has caused no small disturbance in the ranks of its competitors. This is used on the "Rushville Special" Spreader.

This is called Bull-Dog because of the determined and thorough method of taking hold of the load and tearing it to pieces. The high carbon steel teeth are double headed in the steel bars, with diamond points toward the work. The teeth are of two lengths. The long teeth first penetrate the load and the shorter teeth follow, clearing and cleaning so as to avoid packing or unnecessary friction—just like a cross-cut saw.

This Bull-Dog Cylinder hangs far enough below the spreader bottom so that the upward stroke lifts and carries away the material without DRIVING IT BACK into the body of the machine. As the load is moved by the saw-tooth conveyor, this beater wheel thoroughly tears and distributes without packing, bunching or clogging. There is no "wallowing" in the load with this beater wheel—therefore, no unnecessary draft.

The Bull-Dog, combined with our No-Choke Box, of which I will tell you later, reduces the draft from 15% to 30% over the old-fashioned kind as used by our competitors. This not only makes the draft light on the horses, but reduces the wear and tear of the machine and makes possible our Five Year Guarantee.

Your land needs it now. Don't take a chance by waiting. There is nothing gained by delay, but much may be lost. BUY IT NOW.

Division Officials Answer Questions About The Peace-Time Red Cross

"Motor Corps, canteens and base hospital units operating under the Department of Military Relief, are being reorganized for peace time. First Aid is being promoted in an effort to save lives. Soldiers in camps at home and abroad still have the Red Cross with them."

W. E. Kellogg, Director, Department of Military Relief.

"Red Cross courses in Home Hygiene and Care of the Sick and Dietetics, training and enrollment of nurses for public health service and preparation for community emergency services are making the Red Cross nurse a vital factor in raising health standards at home."

Miss V. Lota Lorimer, R. N., Director, Department of Nursing.

"Disaster and Emergency Relief has been organized, Information Service established and Home Service will, in many cases, be extended to meet the needs of civilian families as needs of soldiers, and their families were met during the war."

Starr Cadwallader, Director, Department of Civilian Relief.

"The Junior Red Cross in American schools is giving a new inspiration in work and play to teachers and pupils alike. It establishes a link with the world and trains the children in the ideal of international neighborliness."

Mrs. Harrison W. Ewing, Director, Department of Junior Membership.

CAMPAIGN MANAGER ANNOUNCES DIVISION ROLL CALL QUOTA

THE Red Cross Third Roll Call aims to sign up 2,490,000 Red Cross members for Red Cross service in 1920, according to an announcement made at Lake Division Headquarters today by MacKenzie R. Todd, campaign manager for Ohio, Indiana and Kentucky.

Chapters in Ohio, Indiana and Kentucky, which number 357, have been supplied with campaign material from division headquarters in preparation for the November 2-11 drive for Universal Membership.

Cincinnati chapter has sent an order for 70,000 buttons over the number assigned the chapter by division headquarters. Toledo has promised 90,000 at least and Dayton is counting on enrolling at least 53,000 members. Ashtabula has written Mr. Todd asking for double last year's quota.

To date 85 of the 108 Ohio chapters—90 of the 144 Kentucky chapters and 69 of the 105 Indiana chapters have appointed special Roll Call chairmen to conduct local campaigns for members. Red Cross peace service to humanity is as important as the organization's war service, in far-reaching effects for the betterment of humanity.

DISCUSS WOMEN'S RIGHTS IN CHURCH

Presbyterians to Determine Whether They Have Equal Rights With Men in Church

TO DECIDE THREE QUESTIONS

Questions Were Propounded to General Assembly of Presbyterian Church

(By United Press.)

New York, Nov. 4.—Whether women shall have equal rights with men in all the functions of membership in the Presbyterian church in the U. S. A., is to be determined by a canvass of the Presbyterians of the country.

Three questions are to be decided: 1. Whether women shall be ordained to the ministry of the church. 2. Whether women shall be ordained to the ministry of the church. 3. Whether women shall have the same rights as men in the sessions, presbyteries, synods and assemblies of the church.

These questions were propounded to the general assembly of the Presbyterian Church by three presbyteries and were referred to a special committee on official relations of women. This committee consists of: Rev. S. Hall Young, Chairman, New York City.

Rev. Edgar W. Work, New York City.

Rev. William A. Barrett, Bellefontaine, Ohio.

Rev. T. Manson, New Haven, Conn.

Rush Taggart, New York City.

The committee was appointed by Dr. John Willis Baer, moderator of the Presbyterian church, in accordance with the action of the last assembly. Rev. W. H. Roberts, of Philadelphia, stated clerk of the general assembly is ex-officio clerk of the committee.

The committee has delegated to Dr. Young the task of obtaining the consensus from the men and women of the church and the general argument, pro and con. It has instructed Dr. Work to report on Bible deliverances on the subject. It has requested Dr. Barrett to assemble the facts as to the usages of other churches.

Manson is to report on cases regarding women's places in the church which have been decided or are now pending, while Taggart is to look up Presbyterian law and equity in the case.
